Major General W. S. Harpe, USAF
Director, Personnel Programs
Department of the Air Force
Washington, D.C. 20330-5060

Dear General Harpe:

The Central Intelligence Agency each year welcomes the opportunity to participate in the Air Force's senior service school, the Air War College. Our officers who have participated in the past have found their experiences both rewarding and challenging. During your redistribution of quotas for future classes, we would appreciate being considered for an allocation of a quota of two.

Sincerely,

Director
